RISER Camp is designed for incoming freshmen with the goal of passing the Math Placement Test.

The camp includes
- Intensive math tutorials
- Study sessions
- Introduction to student life
- Extracurricular activities

At the conclusion of camp, students will take the math placement test. The goal of camp is to increase student scores and place them in Math 141, increasing their success in their College of Engineering major.

Fee—$50 + cost of dinners. Fee includes all tuition, lodging and activities.
